BUGGY RENTAL WARNING

REPAIRS:

All repairs due to malfunction of the buggy are at the owner's expense with on-site assistance.

All accidents and violations caused by buggy tenants are the responsibility of the tenant.

PERIMETER:

The tenant will remain in the 15 km of Parajuru to benefit from on-site assistance in the event of malfunction of the buggy.

It is not advisable for it to venture further. The owner declines any responsibility.
If you really wanted to get out of the perimeter, there are Military Police checkpoints which pass anything. These buggies are not able to be controlled without incidents and risks being arrested, you would end up walking with the charge to go and get the buggy then in Fortaleza.

CONDUCT:

We recall that a buggy is not made for long distances and is subject to frequent breakdowns. In addition, it is quickly chasm if manhandled.

We ask that you take care of your buggy, gently rolling and sitting properly in the back on the road, no rally, jump, zigzag on the sand or elsewhere ... It is unfortunate annually several dead or wounded by inconsistencies buggy tourists.

The beaches are closed to buggy driver with no license. You can drop off your equipment quickly but you have to park your buggy away. This could be, in fact, arrested by the military police.

MAINTENANCE:

Regularly check the fuel level, the gauges are not always reliable. Roll the lights (this is mandatory in Brazil) and verify that they are then closed when out of the buggy to avoid falling out of power.

OBLIGATIONS:

belts mandatory on road but not in the village.
A photocopy of your driver's license and passport is sufficient in the village of Control. Road (outside the village) if you stay well within the scope recommended too.
Warning radar on road are present. All violations of the road will be your responsibility.
